The Security Headwall – Level 1 provides typical hospital devices into a securable area. The roll down door is lockable to secure all electrical and medical gas devices or can be rolled up for access to all services. The headwalls are made to order, so you can have the configuration and size that meets your requirements. Typically the headwall starts approximately 6” above the floor.

The Security Headwall roll down lockable door is available in Aluminum Grey (shown) as well as Arctic White, Sand Beige or Medium Brown to match any room aesthetic.
